

YOURS FOR ONLY \$2 - -
The Best in Reading Pleasure
for the next Twelve Months!

Dear Reader:

An ancient Persian poet said: "If thou hast two pennies, spend one for bread. With the other, buy hyacinths for thy soul."

Poetry, perhaps; but hard sense as well!

To buy "hyacinths" for the soul -- to nourish your mind and heart with good reading; to become informed, alert, interesting in what you say to others -- is just as important as progress in your business or social life.

And it needn't be a task! One compact little magazine -- 12 times a year -- will stave off mental stagnation, give you something worthwhile to think about and talk about, keep you from being bored -- and boring! That magazine is The Reader's Digest.

So here (with our compliments) are two pennies for you. We invite you to keep one as your change -- and with the other penny, seal the bargain for the finest "hyacinths" you can find anywhere -- the next 12 issues of The Reader's Digest!

Just slip one penny into the pocket in the enclosed card, and mail today. We'll send you the next twelve issues of the Digest -- worth \$4.00 -- but we'll send you a statement for only \$2.01. Thus you get twelve issues for the price of six -- and you get your change in advance!

This invitation cannot be extended again for at least two years. Therefore we urge you to act at once. Only by taking advantage of this opportunity now can you receive the next TWELVE issues of Reader's Digest for TWO DOLLARS.

Sincerely,

For the Association

Last year I bought and sold over 250 houses,
this year I'll **double** that.

“IF YOU WANT TO GET 20% ON YOUR MONEY AS ONE OF MY INVESTORS, THEN YOU WANT TO BE AT MY LUNCH NEXT SATURDAY BECAUSE I'M PICKING NEW INVESTORS.”

Hello Fellow Investor,

Warren Buffet's family and closest friends say that his best asset is his patience. Buffet took \$100,000 and got 20% a year, for 40 years. The result was 40 billion dollars.

You and I have ways to go to catch up to Buffet **BUT**:

There is one thing that will level the playing field more than anything else. I don't have a way to guarantee you 40 years but there is something that I can confidently (and boldly, perhaps) guarantee you: a **20% annualized** return on your money.

“Yeah. Right.”

You might say, **leaning** back, crossing your arms and squinting your eyes. I can understand that response and even if you don't feel that skeptical now you would if I told how far above 20% I've consistently gotten for my investors. You want proof right?

That's why I'm here inviting you to lunch (my treat) next Saturday where I will lay bare my entire real estate business and show you exactly how I'm buying and selling houses in bulk and - most importantly - getting my investors a safe 20%.

Secured by real estate. How safe is that?

You'll also get to rub elbows with some of my other investors and hear their experiences, then you'll hop on a bus and see properties in various stages of completion and then finally you get to be part of the **firing squad** that asks me ANY - and AS MANY - questions as you want.

If you're happy with your returns, then ignore my invitation.

You should have at least \$100,000 in liquid cash, and if you're happy with how it's performing then I've made a mistake in sending you this letter. But if you're anything like most folks in your income bracket and of your means then you're sick and tired of the same old **lousy** returns. You've secretly wanted a glimpse into a new world of opportunities.

This is it.

You can stop having the same boring stories about your portfolio's mediocre returns and finally be one of the connected insiders who explains your Buffet-style returns with a sly “**I know a guy**”.

I only have room for 50 people so if you want to be in this room then **you need to call me right now** and **reserve your seat**. If you are not there, you will NOT get a chance (or another invitation) for at least another two years.
